Professional Experiences

Cognizant   **September 2021 – Present**

Project:

- **Aetna Payflex –**

Aetna Inc. is an American managed health care company that sells traditional and consumer directed health care insurance and related services, such as medical, pharmaceutical, dental, behavioral health, long-term care, and disability plans, primarily through employer-paid (fully or partly) insurance and benefit programs, and through Medicare.
Technology: Asp .Net MVC, C#, Sql Server, Jquery, Integration tests

BlueRidge Global Pvt Ltd, Pune   **May 2018 – August 2021**

Projects:
- **Supply Chain Planning (Product)**

Blueridge cloud-native supply chain solutions used by 100+ retailers and distributers across United States for their day-to-day business. Blueridge became a leader in the Gartner Magic Quadrant for Supply Chain Planning. Major clients of Blueridge are from foodservice, wine and spirits industries. Demand Forecasting, Replenishment Optimization, Order Calculation etc. are some of the major work being done for retailers and distributers.
Technology: Asp .Net, C#, WCF, Web API, Sql Server, Jquery

- **NextGen (Product)**

Worked on a product which is like an umbrella for all our products. Just by enabling the required or subscribed product the user will be using those products. Also, at the same time we are re-creating the old products using latest technologies like DOTNET core, AWS etc.
Technology: Asp .Net Core, MVC, Web API, Sql Server, AWS

Regulus Information Technologies, Pune   **September 2015 to February 2018**

Projects:
- **PTOffic PTO Management Software:**

Successfully designed and developed PTOffice project for an US based client, which manages Parent Teacher association for US schools. It provides various entity relations across the school system. Entities that are available in this system are linked with each other. It contains Dashboard, Member, Emailer, Directory, Sign-up, Event management, Website and eStore modules.
Technology: Asp .Net, C#, MVC, Sql Server, Jquery, Bootstrap, Entity Framework

- **RITeSchool:**

Successfully designed and developed for RITeSchool a School Management Software used by over 27 Schools. It allows school authorities to store data related to student's academic records, employee data electronically. This data is accessible by ready and customized reports which are easily available to save the manual work and to represent the accurate data.
Technology: Asp .Net, C#, Sql Server, Jquery

Education

- Bachelor of Engineering (Computer Engineering) from Savitribai Phule Pune University | Higher Second Class.
